tracking down priceless artifacts (only to give them back!). So when the Metropolitan Museum of Art asks for her help, she's only too happy to leap into the fray again: If nothing else, this adventure will help her avoid that little (not!) sparkly item Rick's been hiding in his pocket, and postpone another kind of walk down the aisle. It's only when she's targeted by a deadly adversary after the same treasure that Sam starts to think that "till death do you part" is maybe the lesser of two evils . . .
