But a teenage girl is missing, a kidnapper is on the loose, and all of this is reminding Sunshine why she left Del Sol in the first place. Add to that the trouble at her daughter's new school, plus and a kidnapped prized rooster named Puff Daddy, and, the forecast looks anything but sunny. But even clouds have their silver linings. This one's got Levi, Sunshine's sexy, almost-old-flame, and a hot US Marshal. With temperatures rising everywhere she turns, Del Sol's normally cool-minded sheriff is finding herself knee-deep in drama and danger. Can Sunshine face the call of duty--and find the kidnapper who's terrorizing her beloved hometown--without falling head over high heels in love or worse?

TOP PICK

Running a small-town police force in Del Sol should be a smooth, carefree kind of job. Sadly, full-time Sheriff--and even fuller-time coffee guzzler--Sunshine Vicram, didn't get that memo. All evidence points to a local distiller, a bad boy named Levi Ravinder, but Sun knows he's not the villain of her story. Still, perhaps beneath it all, he possesses the keys to her disappearance. At the very least, beneath it all, he possesses a serious set of abs. She's seen it. Between policing a town her hunky chief deputy calls *four cents short of a nickel*, that pesky crush she has on Levi which seems to grow exponentially, and an irascible raccoon that just doesn't know when to quit, Sunny's life is about to rocket to a whole new level of crazy.

Alexa Parrino fought to escape the gilded cage of Orchid House, the training ground for the sector's most exclusive—and dangerous—courtesans. Now she enjoys influence and power in Sector Four, where Dallas O'Kane rules with a hedonistic fist.

She's his queen in all but name, and there's almost nothing she wouldn't do for the gang—lie, steal, even kill. But she bows to no man. Not even a king. Dallas O'Kane fought his way up from nothing to become the most infamous leader in all eight sectors. There's no pleasure he can't buy. No vice he can't indulge. Everyone kneels at the feet of the barbarian king—everyone except Lex. She's been inspiring all his darkest fantasies for years, but Dallas won't settle for being her latest conquest. He wants all of her—body, mind and heart. But when their sensual game of dominance and submission starts, the lines swiftly become blurred. Neither is sure who's really in control—or how high the stakes can get. Only one thing is clear. If Dallas can't choose between his lust for power and his hunger for Lex, he could lose his whole sector. Even worse, he could lose her.

**FEATHERBED – ANNABETH ALBERT**  
**\$29.95 TRADE P/BACK**

Harrison Phillip Fletcher, III isn't supposed to be here. Not in Burlington, Vermont, not running Vino & Veritas, a quaint inclusive bookstore and wine bar, and definitely not still alive, at forty-two. Also not supposed to be here? An unexpected delivery of chickens. Finn Barnes knows chickens. The burly organic farmer knows all about rare breed poultry, but dealing with a hot, older bookseller is an entirely different matter. City slicker types like Harrison never end up staying in Vermont for the long-term. They should steer clear of each other. But the flare of attraction is mutual. And somehow amid book discussions and farm tours, they discover plenty in common. Now they're stealing kisses in Finn's barn, sneaking out like teens, and burning up the sheets. What starts as a fling brings very real feelings for two lonely souls, but a future together seems as unlikely as chickens in a bookstore. Feathers may be flying but learning to trust takes time neither may have. Can they take a leap of faith together before it's too late?

**WYVERN WAYS AND ELVEN MAGIC – BAILEY BRADFORD**  
**BOOK #2 \$35.00 TRADE P/BACK**

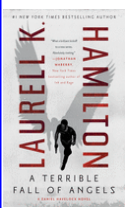

Book #1 Dragon Dreams and Fairy Wings. Brick's a wyvern shifter, but he's not wily or skilled in diplomacy like wyvern shifters should be. Instead, he's big and brawny and slower than the rest of his family—the ruling family. Worse, he doesn't fare well around magic, so being in the elf kingdom for the royal wedding celebrations is one big nosebleed. Literally. Jagger's an elf. A royal-adjacent one, whose family have been chancellors and councilors to the king for centuries. It must have skipped a generation, however, as Jagger's more interested in drinking and seducing his way through the kingdom. Well, everyone wants to know if it's true what they say about elves, right? Spoiler alert—it is. When Brick discovers he's being handed over as part of the wyvern-elf alliance treaty, he fumes and decides to cut ties with his family to make his own way in the world. But first, he has to find his way out of the elf kingdom. Asking at the tavern for an elf to be his guide, he's taken to a room where a half-naked Jagger is lounging on a four-poster bed. And that's just the beginning of their adventure.

There's no question that there's evil at work when he's called in to examine the murder scene of a college student—but is it just the evil that one human being can do to another, or is it something more? When demonic possession is a possibility, even angelic protection can only go so far. The race is on to stop a killer before he finds his next victim, as Zaniel is forced to confront his own very personal demons, and the past he never truly left behind.
