New York Times bestselling sensation Kylie Scott's sexy, smart and unconventional opposites-attract love story looks at what happens when fate refuses to give up on what's meant to be. When Susie Bowen inherits a charming fixer-upper from her aunt, she's excited to start living her best HGTV life. But when she opens the door to find that her contractor is none other than her ex's best friend, Lars--the same man who witnessed their humiliating public breakup six months ago--she isn't exactly eager to have anyone around whose alliance is with the enemy. But beggars can't be choosers, and the sooner the repairs are done, the sooner she can get back to embracing singledom. Things go from awkward to unbelievable when Lars discovers a divorce certificate hidden in a wall and dated ten years in the future--with both their names on it. It couldn't possibly be real...could it? As Susie and Lars work to unravel the document's origins, the impossibility of a spark between them suddenly doesn't seem so far-fetched. But would a relationship between them be doomed before it's even begun?

With her family name tied to a traitor, she keeps it hidden when she enlists a Highlander to help her elude the guards during her freedom raid on the dog kennels. With two puppies in tow, she leads him to Whitehall to meet with the queen's Master of Security. Greer discovers that Lucy belongs to a family of traitors, which moves her to number one on his potential assassin list despite her daring rescue and easy smile. When the assigned Lord of Misrule is mistakenly poisoned during the Christmas feast, Lucy is chosen to fill his vacant spot as the Lady of Misrule. With an assassin walking the corridors of Whitehall, Greer and Lucy fight the growing fire between them so they can focus on uncovering the true assassins in Queen Elizabeth's court before they strike again.

Book #1 How to be a Wallflower. Giles Renwick, Earl of Lilford, has never made a fool of himself over a woman--until he meets Lady Yasmin éRgnier. Yasmin is ineligible for his attentions in every way: not as a wife, certainly not as a mistress (she is a lady!), nor even as a friend, since they vehemently dislike each other. Her gowns are too low, and her skirts are dampened to cling to admittedly lovely thighs. She loves to gossip--and giggle. She isn't dignified, or polite, or even truly British, given that her father's French ancestry clearly predominated. Not to mention the fact that her mother had been one of Napoleon's mistresses, a fact she makes no effort to hide. So what--in heaven's name--possesses him to propose? And what will he do if she says yes?

wolf in the worst way. When a special agent needs help at her USF branch in Ely, Minnesota, he volunteers because he's the only one in Houston without a family for the holidays. Maybe he will still get his Christmas wish-to be a wolf shifter like some of his friends and coworkers so he will have their "superpowers" to do his job. Justine Winters is grateful the director of the USF is sending a special agent to her branch in Ely to aid her if she gets swamped. He's really hot, according to the photos the director sent her of Rowdy, but is he a wolf or a jaguar? Preferably a wolf. But then she learns he's human! No one's supposed to know that shifters exist. No way will he be able to sniff out shifters and assist her. She reluctantly agrees to accept him-figuring she'll have to put him on desk duty. All that changes when she meets the real man -who desperately wants to be a wolf, who grows on her just like the director said he would, who risks his life for shifters, who she defends to others of her kind for working with the USF. CHRISTMAS AT THORNE MANOR – KELLEY ARMSTRONG

BOOK #3.5 \$35.00 TRADE P/BACK

Start with A Rip Through Time. "Butterflies & Ballgowns" The North Yorkshire moors are always a magical place, but they're particularly enchanting at the holidays especially if one gets to travel back in time to a Victorian Christmas. For Bronwyn Dale, it is the stuff of dreams. Fancy-dress balls, quirky small-town traditions, even that classic one-horse open sleigh, complete with jingle bells. There's just the tiny problem of the Butterfly Effect. How does a time-traveler make a difference without disrupting the future forever? "Snowstorms & Sleigh Bells". It's a Victorian Christmas at Thorne Manor, and Rosalind Courtenay is staying far, away from the door that leads to the twenty-first century. It took her four years to get back home, and she's never going near the time stitch again. But her five-year-old son has other plans, and Rosalind finds herself plunged back into the modern world, where she decides to face her fears and give her family the holiday gift of a lifetime. Once again, Fate has other ideas, sending a blizzard to derail Rosalind's planning and toss them all into a whirlwind of savage snowstorms, spectral sleigh bells and, perhaps, a Christmas ghost or two. "Ghosts & Garlands" Victorian novelist Miranda Hastings is in London for a modern-day Christmas with the man she loves, and they want to see everything. Luckily, they have friends who are going to make sure they get their wish. They're sent on a whirlwind holiday adventure, following their friends' mysterious messages until an encounter with a ghost who was part of an infamous gang of highwaymen. Murder, mystery, and a ghost in need? Now that's Miranda's idea of a holiday treat.

MOLLY HARPER'S MYSTIC BAYOU SERIES CONCLUDES SHIFTERS IN THE NIGHT

BOOK #6 \$35.00 TRADE P/BACK

TOP PICK

Start with How to Date Your Dragon. Lia Doe came to Mystic Bayou for one simple reason: to get her job done. Namely, to build a housing complex for all the new residents flocking to town since word of its supernatural population got out. But from the moment Lia arrives, it's clear that nothing about the job is going to be simple. First, there's the mysterious guy she meets in the middle of the night while they're both cavorting in their alternate forms. Spending time with shape-shifters is nothing new to Lia, but there's something special about Jon Carmody...and the magical pull she feels whenever he's near. There's also a sense of homecoming and belonging in Mystic Bayou that makes her want to stick around – despite the dangers brewing from mysterious forces. Will Lia complete her project with her heart unscathed, or will her life shift forever?

A FAREWELL TO CHARMS

BOOK #7 \$35.00 TRADE P/BACK *SERIES FINAL

Eva Boudreaux keeps the truth about her life before arriving in Mystic Bayou a carefully guarded secret, flying under the radar as a talented boat mechanic. In the swampy little town filled with powerful supernatural beings, Eva never expected to strike up a charged flirtation with one of the Bayou's human residents. Alex Lancaster is far too polished for Eva's taste – not to mention the danger that comes with his high-ranking position in the League, which could expose her secrets. Trouble is, she can't resist his disarming sense of humor or the chemistry that crackles to life whenever he's near. Will Alex be able to handle a woman like her? Or will her difficult past keep them apart? Either way, they'll need to join forces to solve one final mystery in Mystic Bayou.

DESTROYERS CURSE – MARIE ANDREAS

BOOK #2 \$35.00 TRADE P/BACK

Book #1 Traitors Folly. As a merc, Vaslisha Tor Dain had fought countless enemies and saved dozens of worlds. But now, trapped outside of the Commonwealth, she finds herself

and her crew fighting boredom. Vas and her crew left the Commonwealth to deal with some issues, including trying to find what happened to the last Pirate of Boagada. The Pirate was an agent of the now dead Clionea nuns. To do that, they need a Keeper, a highly trained nun. Or in this case, a quickly trained merc. Stranded not only on the wrong side of the Commonwealth border, but on an abandoned space station, things aren't looking good. An attempted attack on the Commonwealth has left Vas and her crew with no way to contact the rest of her people. And thanks to a dramatic destruction of the Traitor's Folly, no ships will come near the station to help. Boredom vanishes quickly, as Vas finds herself training to become this mystical Keeper the nuns need. Attacks from illegally created mechanical rats, exploding fuel, and a strange nanite invasion all make her almost long for downtime. Space storms, warships, and a 500 year old threat from inside the space station step things up and Vas now realizes they may be out of time to do what they need to do. There are those trying to destroy the universe, and the nuns who could have stopped the attacks are dead. Saving everything now rests on Vas and her crew.

CONQUEROR – ANNA HACKETT

BOOK #4 \$40.00 TRADE P/BACK

Start with Overlord. After two years of alien captivity, Evie is free, but her captors have changed her. Now struggling to control a terrifying new power, her only hope is one

formidable, dangerous alien king. Logistics manager Evie Mason is no longer a prisoner on an alien space station, but she's far from Earth, suffering nightmares, and fighting to ignore the growing power inside her. She just wants to be normal, but when she comes face to face with the intoxicating ruler of the planet Tahn, normal isn't an option. He speaks to the power inside her, and ignites a fierce desire she's never felt before. Conqueror Graylan Tahn Sarkany is the king of Tahn and its people, who can control the geological forces of their planet. He's dedicated to protecting Tahnians from his evil father and uses his immense power to command the rocks, soil, and earthquakes. But Gray must always keep a part of his power leashed. The part that's too volatile, too enormous, too dangerous. Then one small, tough woman from Earth threatens all his control. As a final, violent showdown with Graylan's father draws closer, Gray and Evie are swept into a whirlwind of power and passion, their powers connecting them in ways neither of them understand. With Gray's brothers, their mates, and allies by their side, they will fight, and Gray will unleash everything he has to protect his planet, his people, and Evie.

HONOR AND SHADOWS – JESSIE MIHALIK

BOOK #0.5 \$24.95

Captain Octavia Zarola needs an infusion of credits-fast-if she's going to keep her bounty hunting crew paid and fed. Tracking down an escaped

embezzler on a backwater planet should be a piece of cake, but bounties are rarely as easy as they seem. As the crew closes in on their quarry, the hunt becomes entangled with a local criminal overlord, and Tavi will have to decide what's more important: money or honor, and how much she's willing to risk for either one.

THE SCAVENGER DOOR – SUZANNE PALMER

BOOK #3 \$27.95 *REPACK*

Book #1 Finder, Book #2 Finding The Deep. Fergus is back on Earth at last, trying to figure out how to live a normal life. However, it seems the universe has

other plans for him. When his cousin sends him off to help out a friend, Fergus accidentally stumbles across a piece of an ancient alien artifact that some powerful people seem to think means the entire solar system is in danger. And since he's the one who found it, they're certain it's also his problem to deal with. With the help of his newfound sister, friends both old and new, and some enemies, too, Fergus needs to find the rest of the artifact and destroy the pieces before anyone can reassemble the original and open a multidimensional door between Earth and a vast, implacable, alien swarm.
