BOOK #11 \$29.95 TRADE P/BACK

Start with Fated. After years of struggling, Haven Daly has finally accepted that she's nuttier than a fruitcake. Why else would she see visions of a beautiful tormented male every night and actually believe she can talk to him, even feel his touch?

But thanks to those dream journeys, she can paint images nobody else on earth can duplicate. In each brush stroke, she captures the masculinity and raw desire in his eyes that promise he's coming for her and soon. Quade Kayrs has already suffered a lifetime of pain and torture. Completely isolated, he kept his sanity thanks to a female, a vision with kind emerald eyes. In the end, her soft voice led him out of hell. Now, naked and alone, he's in a strange world that bears little resemblance to the one he left behind. All he knows is Haven. All he wants is Haven. His final mission? To protect her from the evil hunting them both-whether she likes it or not.

As generals and politicians face off with the Gray Lords of the fae, a storm is coming and her name is Death.
