BOOK #8 \$45.00 TRADE P/BACK

Start with Lust And Other Drugs. Sean Lloyd has given up on finding love. It's easier to concentrate on his work as a mytho biologist than figure out people. But that was easier to believe in his twenties. Now his friends are getting engaged and planning weddings, and he's only planning his next hook-up. He wants more, even if he isn't sure what that looks like. When an ogre knocks him over and then sweeps him off his feet, he's more than happy to go along for the ride. However, mythos aren't classified as people, and Sean can see how hard it is for his friend Jordan to date a mytho even though his dragon-shifter boyfriend passes for human. Ogres don't. Troy Violet was thirteen when the collapse happened. He lost his family and was taken in by another, a much stricter household that cleaves to ways that were considered old even before the collapse. So much has changed in the ten years since, and there are so many more opportunities for an ogre not interested in finding a wife. However, he never planned on falling for a human man. Some people aren't happy with the way he is turning his back on ogre society, and they will do anything to drag him back, even if it means breaking a few human laws.

Book #1 Servant of the Blood. I once worked for vampires. I'd never thought I'd be one. My throat is always on fire. My mouth is always dry. The only thing that helps? Human blood. As much as vampires need it, it is also our curse. Blood can drive us mad if we're not careful. That madness breeds a wickedness as the need for blood reigns supreme. We revel in it, desiring the power and vitality it gives us. When we drain someone, we get high; it's a rush that some vampires love to chase once they cross that line. Vampires will do anything to get it and there's nothing that will stop them from killing hundreds. Our humanity slips away the more we indulge the need and there is no way to regain it. Alexius makes it his duty to kill any vampire that loses control and I've promised to help him. After months, I get to help on my first case, just like I wanted to the night I woke up as an immortal. I thought I knew what sort of vampires we'd be stopping. I didn't think about how bad things could get.

We're hoping to gather information, anything that might draw us closer to the group behind Jacob's murder, the events in Alaska, and the threatening email I received. However, we're not the only ones attending with our own agenda. Ancient political rivalries and dangerous schemes wait for us in upstate New York. Even our host, Isaiah, Master of the Tribunal, is on edge. He has good reason to be. A gathering of ancient vampires can be a grand affair. It can also be a deadly one.

SURVIVAL – KATE L MARY

BOOK #2 \$40.00 TRADE P/BACK

Book #1 Exodus. After escaping Earth and creating a new life on Salvation-1, Tessa thought her days of fighting were over. But nothing turned out the way the survivors expected, and now humanity is facing a new threat. One that may destroy them for good. VA-246 was supposed to be humanity's chance to start over, but making it there was only the beginning. An alien planet, an atmosphere not conducive to human life, and an unknown enemy. With the fate of humanity on the line and disaster waiting around every corner, Tessa and the other survivors from Earth must fight for their survival. Except the enemy isn't quite what they expected.

BASIS FOR THE TV SERIES SILO NOW ON APPLE TV

In a ruined and hostile landscape, in a future few have been unlucky enough to survive, a community exists in a giant underground silo. Inside, men and women live an enclosed life full of rules and regulations, of secrets and lies. To live, you must follow the rules. But some don't. These are the dangerous ones; these are the people who dare to hope and dream, and who infect others with their optimism. Their punishment is simple and deadly. They are allowed outside. Jules is one of these people. She may well be the last.
