BOOK #1 $19.95
Atticus O'Sullivan, last of the Druids, lives peacefully in Arizona, running an occult bookshop and shape-shifting in his spare time to hunt with his Irish wolfhound. His neighbors and customers think that this handsome, tattooed Irish dude is about twenty-one years old, actually he's twenty-one centuries old. Not to mention: He draws his power from the earth, possesses a sharp wit, and wields an even sharper magical sword known as Fragarach, the Answerer. Unfortunately, a very angry Celtic god wants that sword, and he's hounded Atticus for centuries. Now the determined deity has tracked him down, and Atticus will need all his power plus the help of a goddess of death, his vampire and werewolf team of attendants, a bartender possessed by a Hindu witch, and some good old-fashioned luck of the Irish to kick some Celtic arse and deliver himself from evil.

One survival strategy has worked for Atticus for more than two thousand years: stay away from the guy with the lightning bolts. But things are heating up in Atticus's home base. There's a vampire turf war brewing, and Russian demon hunters running rampant. Despite multiple warnings and portents of dire consequences, Atticus and Leif journey to the Norse plain of Asgard, where they team up with a werewolf, a sorcerer, and an army of frost giants for an epic showdown against vicious Valkyries, angry gods, and the hammer-wielding Thunder Thug himself.

OUTLiERS
BOOK #1 $35.00 TRADE P/BACK
In the dusty ruins of the world, three groups exist: the Sovereign, the Fortis, and the Outliers. Within their walled city, exclusive access to the only remaining technology gives the Sovereign an advantage that seems impossible to beat. In exchange for meager scraps and free reign outside the walls, they use the brawn of the Fortis to their advantage while the Outliers struggle to survive.

Indra is an Outlier. Each peace treaty brings her further from the wilds of the City, so she can serve the Sovereign. Inside the walls, she has no rights. Not only is she powerless to resist the Sovereign’s rule, but she is also unable to do anything to save her people from the brutality of the Fortis. For centuries they have made their abuse of Outliers a sport, but when Asia comes to Indra’s rescue, she sees something different in him. Something that marks him as so much more than just a Fortis guard. But as Indra’s world begins to unravel, even the quiet alliance she has formed with Asia cannot save her from the wrath of the Sovereign. In one life-altering moment, everything Indra has ever known is ripped away, forcing her to face a world even more unforgiving.
