LAST GUARD – NALINI SINGH

BOOK #4 \$24.95 *REPACK* (RELEASED IN MARCH)

Start with Silver Silence. Termed merciless by some, and a robotic sociopath by others, Payal Rao is the perfect Psy: cardinal telekinetic, CEO of a major conglomerate, beautiful--and emotionless. For Canto Mercant, family and loyalty are everything. A cardinal telepath deemed "imperfect" by his race due to a spinal injury, Canto cares for the opinions of very few--and ruthlessly protects those he claims as his own.

Head of intel for the influential Mercant family, he prefers to remain a shadow in the Net, unknown and unseen. But Canto is also an anchor, part of a secretive designation whose task it is to stabilize the PsyNet. Now that critical psychic network is dying, threatening to collapse and kill the entire Psy race with it. To save those he loves, Canto needs the help of a woman bound to him by a dark past neither has been able to

forget. A woman who is the most powerful anchor of them all: Payal Rao. Neither is ready for the violent inferno about to ignite in the PsyNet or the passionate madness that threatens to destroy them both.

The only flaw is the arrogant philosophy professor who's always underfoot giving unwanted advice--in his sexy British accent. Jethro Hanson has blood on his hands. He's working within ivy-covered university halls now, but he knows that his work with the Deep Ops team and the deadly acts he once committed for the sake of Queen and country place him beyond forgiveness--until he meets Gemma.

Lizzie Grace is trying to get on with her life now that she and Aiden have gone their separate ways, but it's a difficult thing to do when just about everything reminds her of the damn man. The situation is made worse when a body is found, and her job as Deputy Reservation Witch means she has no choice but to interact with him. At first, the death seems to be nothing more than an accidental drowning in a remote location, but it's soon evident a supernatural entity is involved. As they race to uncover what is going on, it becomes clear that this evil is not only targeting werewolves, but one particular pack--the O'Connor's. And the reason might well be the song of sorrow. A song that Lizzie's grief might have given birth to.

IT TAKES A VILLA – KILBY BLADES

\$24.95

TOP PICK

For the reasonable price of \$1, Natalie Malone just bought herself an abandoned villa on the Amalfi Coast. With a detailed spreadsheet and an ancient key, she's arrived in Italy ready to renovate--and only six months to do it. Which seemed reasonable until architect Pietro Indelicato began critically watching her every move. From the sweeping ocean views to the scent of the lemon trees, there's nothing Pietro loves more than his hometown. And after seeing too many botched jobs and garish design choices, he's done watching from the sidelines. As far as he's concerned, Natalie should quit before the project drains her entire bank account and her ridiculously sunny optimism. With Natalie determined to move forward, the gorgeous architect reluctantly agrees to pitch in, giving her a real chance to succeed. But when the fine print on Natalie's contract is brought to light, she might have no choice but to leave her dream, and Pietro, behind.

Then a suave, handsome businessman arrives, shaking up her world and reminding her of her controlling family. Parker Hall wants to invest in her boss's airline, but Hailey doesn't trust him at all. Paige can think of a dozen reasons why she shouldn't go, one being a dazzling Australian biologist who will be teaching alongside her. Professor Jack King is charismatic, a world traveler, and more like Indiana Jones than Indiana Jones, all of which unsettles Paige, who prides herself on being immune to any man's charms. She isn't looking for love, and it turns out, neither is he. But as the two co-professors lead the rigorous program together, first on campus, then in beautiful Tanzania, their biggest challenge will be working closely together while resisting the undeniable chemistry they feel when they're with each other.

17 year-old Kiva Meridan has spent the last ten years fighting for survival in the notorious death prison, Zalindov, working as the prison healer. When the Rebel Queen is captured, Kiva is charged with keeping the terminally ill woman alive long enough for her to undergo the Trial by Ordeal- a series of elemental challenges against the torments of air, fire, water and earth, assigned to only the dangerous criminals. Then a coded message from Kiva's family arrives, containing a single order- *Don't let her die. We are coming.* Aware that the Trials will kill the queen, Kiva risks her own life to volunteer in her place. If she succeeds, both she and the queen will be granted their freedom. But no one has ever survived. With an incurable plague sweeping Zalindov, a new inmate fighting for Kiva's heart, and a prison rebellion brewing, Kiva can't escape the feeling that her trials have only just begun.

Kiva Meridan is a survivor. Not only did she survive Zalindov Prison, but also the Trial by Ordeal. Now, Kiva's purpose goes beyond survival to vengeance. For the past ten years, her only goal was to reunite with her family and destroy the people responsible for ruining their lives. But now that she has escaped Zalindov, her mission has become more complicated than ever. As Kiva settles into her new life in the capital, she discovers she wasn't the only one who suffered while she was in Zalindov - her siblings and their beliefs have changed, too. Soon it's not just her enemies she's keeping secrets from, but her own family as well. Outside the city walls, tensions are brewing from the rebels, along with whispers of a growing threat from the northern kingdoms. Kiva's allegiances are more important than ever. To survive this time, she'll have to navigate a complicated web of lies before both sides of the battle turn against her and she loses everything.

A fresh start will mean a perilous quest, forcing mortal enemies and uneasy allies together in a race against the clock to save not just Evalon, but all of Wenderall. With her loyalties now set, Kiva can no longer just survive - she must fight for what she believes in. For *who* she believes in.

But when a drink with a "good guy" goes sideways, Miriam snaps, and in a cold dark rage unleashes a rare and powerful shadow magic. To make matters worse, her best friend goes missing and Miri is thrust into a world of hidden magic, vampires, and a legacy of hatred aimed directly at her. Hard to say which is more dangerous, this spiderweb of supernatural power plays, the grumpy French wolf shifter she's teamed up with, or Miri herself, kicking butt and rediscovering the woman who got lost along the way. But lines get blurred in the shadows, and if she's not careful, she could lose everyone she loves. She'll have to turn her invisibility into strength and pray they never see her coming. Forty isn't the new twenty. It's better.

Book #1 Tomes, Scones and Cronos. Jacqueline Finch is a lifelong book lover, which is why it was a literal gift from the Universe when she inherited Three Tomes Bookshop at forty-eight. But she's had a few adjustments to make, including the fact that her bookshop seems to be a haven for literary characters to come alive and to stick their noses into things that aren't any of their business-including Sherlock Holmes's landlady, Mrs. Hudson, who is constantly bickering with the dour housekeeper from *Rebecca*, Mrs. Danvers. And then there are the three old ladies down the street, whose resemblance to *Macbeth's* Witches Three cannot be ignored. Nevertheless, Jacqueline is happy in her new life and everything seems to be going well even when she discovers that Dickens's Artful Dodger has come to life. Why Dodger is here and what problem he's meant to solve for some real-life person is the question-but in the meantime, Jacqueline has to figure out how to keep the light-fingered pickpocket from dipping his hands into her customers' pockets and purses! She manages to keep Dodger under wraps until a young woman bursts into the shop claiming her husband is trying to kill her.

After the settling dust of the demon uprising and two years of peace, rumblings from the Menzoberranzan drow have Jarlaxle nervous. Worried his allies may be pulled into a Civil War between the great Houses, he is eager to ensure Zaknafein is armed with weapons befitting his skill, including one in particular: *Khazid'hea*. A powerful artifact, the sword known as "Cutter" has started wars, corrupted its users, and spilled the blood of many, many people. Nonetheless the rogue Jarlaxle and a small group of friends will go on an expedition looking for the weapon's last wielder, Doum'wuelle, in the freezing north, for she may be the key to unlocking the sword's potential and perhaps the key to preventing the bloodshed looming over the Underdark. And as they explore the top of the world, Drizzt is on a journey of his own-both spiritual and physical. He wants to introduce his daughter Brie to Grandmaster Kane and the practices that have been so central to his beliefs. But, having only recently come back from true transcendence, the drow ranger is no longer sure what his beliefs mean anymore. He is on a path to determining the future, not just for his family, but perhaps the entire northlands of the Realms themselves.

FINDER – SUZANNE PALMER BOOK #1 \$24.95

Fergus Ferguson has been called a lot of names: thief, con artist, repo man. He prefers the term finder. His latest job should be simple. Find the spacecraft Venetia's Sword and steal it back from Arum Gilger, ex-nobleman turned power-hungry trade boss. He'll slip in, decode the ship's compromised AI security, and get out of town, Sword in hand. Fergus locates both Gilger and the ship in the farthest corner of human-inhabited space, a backwater deep space colony called Cernee. But Fergus' arrival at the colony is anything but simple. A cable car explosion launches Cernee into civil war, and Fergus must ally with Gilger's enemies to navigate a field of space mines and a small army of hostile mercenaries. What was supposed to be a routine job evolves into negotiating a power struggle between factions. Even worse, Fergus has become increasingly--and inconveniently--invested in the lives of the locals. It doesn't help that a dangerous alien species Fergus thought mythical prove unsettlingly real, and their ominous triangle ships keep following him around. Foolhardy. Eccentric. Reckless. Whatever he's called, Fergus will need all the help he can get to take back the Sword and maybe save Cernee from destruction in the process.

When rumors about a new group causing trouble in the area reach them, Rowan, Devon, and Kiaya worry the life they've worked hard to build is at risk. Doing everything they can to make sure they're safe, they increase security and create evacuation plans, but the more they discover about this other group, the more they begin to realize how unstable their situation really is. Complicating things even more, Devon and Rowan learn disappointing news about other babies that have been born over the last several months. It seems zombies aren't the only side effect of the virus, and with no real knowledge of what caused the outbreak to begin with, there's no way to predict what might happen next. Meaning the only thing they can do is hope and pray that things turn out all right. As the season changes and their future grows more precarious, the group braces themselves for whatever they might face next. But the one constant in a zombie apocalypse is uncertainty.
