Book #1 The Rogue King. Ruthless dragon king Ladon Ormarr must keep his throne--and his people--safe from the cruel High King at all costs. With war on the horizon, he'll need a miracle to protect his clan. Luckily, the fates have dropped the irresistible Skylar

Amon right into his lap. Or so he thought. Because the last thing this phoenix wants is *him*. A phoenix mate is the ticket to securing his throne, but this fiery Amon sister detests Ladon, doesn't stick to protocols, and regularly offends his warriors and advisers. Skylar also has no intention of sticking around, nor does she believe in the whole destined-mates thing. But if it means taking out the High King who murdered her parents, she'll put up with the too-sexy-for-her-sanity Ladon...temporarily. Their mating bond may make them want to tear off their clothes, but outside the bedroom...well, Ladon is positive the fates hate him. Just as he starts to win over the mercurial phoenix, everything goes to hell when the High King makes his final move. And Ladon will burn down the world to keep the mate he is unwilling to live without.

BLOOD OF ZEUS – WILD/PAYNE

BOOK #1 \$35.00 TRADE P/BACK

The only thing worse than being a demon is being a Valari. As an undergraduate at LA's Alameda University, Kara Valari can sometimes succeed at forgetting she's both. Lost between the pages of the classics and tucked into the shadows of lecture halls, she can dodge the paparazzi's lenses as well as her family's publicized dramas--not to mention their private expectations. She has one more year to feed her true passions. Then she'll be expected to fulfill a darker destiny. Cursed with inexplicable strength and godlike stature, literature professor Maximus Kane knows all about darkness. Every day he's reminded of the missteps of his childhood and the devastating consequences they've had on those dearest to him. To atone, Maximus spends his nights alone and his days submerged in the quiet life of academia. His existence has become a study in control, and he's become a master at it--until Kara Valari walks into his toughest course. Viscerally, Kara's everything he craves. Logically, she's everything he rejects. She's a starlet of privilege. She's also a student. And after one touch, he can't deny that she's awakened something in him that may never go dormant. Nothing about her makes sense, but everything about her feels right. Especially in the deepest strands of his DNA, which are still shadows of mystery to him--a mystery Kara seems determined to uncover. She's Hollywood royalty. She's forbidden fruit. And he's pretty sure she could be the answer to everything.

In near-future New Orleans, *draugar*, again-walkers, are faster and stronger than most humans, but not venomous until they are a century old. Until then, they shamble and bite. Since not everyone wants to see their relatives end up that way, Geneviève Crowe makes her living beheading the dead. But now, her magic's gone sideways, and the only person strong enough to help her is the one man who could tempt her to think about picket fences: Eli Stonecroft, a faery who chose bar-owner in New Orleans over a life in *Elphame*. When human businessmen start turning up as *draugar*, both the queen of the again-walkers and the wealthy son of one of the victims hire Geneviève to figure it out. She works to keep her magic in check, the dead from crawling out of their graves, and enough money for a future that might be a lot longer than she'd like.
